Playground		●				●		●	
Picnic Area	●	●			●	●	●	●	●
On-street parking only			●	●	●				

These rivers generally flow south to north and west to east

Access Sites

The access sites on this map are all on public land in various states of improvement. It is a goal of the Tongue River Water Trail to improve access sites to include parking, docks, restrooms, handicapped access, wayfinding signage, trash receptacles, etc. where necessary.

“Take only pictures, leave only footprints”

Thanks for caring! Collect your trash as you go, even items such as apple cores. Make trash bags a normal part of your gear, and pick up extra litter on each trip. Individual actions and Leave No Trace principles ensure a healthy watershed and positive community relationships.
